

Greetings,

We have three meetings to announce concerning the advancement of the Walter Reed Reuse Plan. First, we will have two evenings of presentations for every responder to the Notice of Interest (NOI) process that is interested in pitching their case to the public. The NOI responders consist of both Homeless Assistance Providers (HAP) and Public Benefit Conveyance (PBC) organizations. Both types of organizations will be represented at each meeting, and each of the two meetings will have a unique set of NOI responders. Also, once we receive waivers next week from them, we will be posting the Executive Summaries of each of the NOI responders to our website several days in advance of the evening presentations. A notification announcing the postings will be forthcoming.

Because there are so many presentations (potentially up to 24 in total) each NOI responder will be limited to 5 minutes, followed by a quick turnaround for the next presentation. We will later have a question & answer period only at the end of the evenings. Below are the details of the three meetings:
